The performances you are about to hear are the product of hours of rehearsal and practice on the part of the students on the stage. Out of respect for the hard work of our students and for the other parents around you, please adhere to the following Concert Etiquette suggestions:

- Set all electronic devices on silent or "Do Not Disturb".
- Please do not talk during the performance.
- Please do not get in or out of seats during a selection. If you must leave the auditorium, please do it in between selections.
- If young children become upset or a distraction, please escort them out of the auditorium.
- You may record the performance if you would like, but due to copyright rules, you are not allowed to share on any social media platform.
